GREAT News - Grants Announcement

Dear Members,

At our recent AGM we delivered our 6-point Club Strategy. Central to this strategy is our purpose, to promote sporting participation for men, women & children based on 2 core pillars:

- Our Values - respect & family friendly culture
- Our Competitive Advantage - high quality coaching staff and sporting facilities

It is therefore our great pleasure to announce on behalf of the committee we have recently secured the following grants from the CSRFF:

Grant 1 – Redevelopment and extension of changerooms to:

- Unisex facilities (to accommodate female adults and children).
- Gym Room
- Medical Room
- Umpires Room
- Additional store rooms

Summary:

CSRFF grant value	\$134,247
SVSCC funding through Bankwest	\$268,494
Total estimated cost of project	\$402,741

A design of the new changeroom facilities will be posted on our website and around the club room in the next few weeks.

ABN: 99 186 503 968

Swan Valley Sporting Club Inc.

Established 1931

Grant 2 – New lighting Towers to:

- Improve training viability throughout both ovals
- Potentially facilitate night Football, Soccer and Cricket
- Instal 100 Lux lighting for Football & Soccer and 300 Lux Lighting for cricket

Summary:

CSRFF grant value	\$255,564
SVSCC funding through Bankwest	\$511,128
Total estimated cost of project	\$766,692

A design of the new lighting towers will be posted on our website and around the club room in the next few weeks.

We have already secured Bank funding to cover the lighting upgrade however further funding will be required for the change room upgrade. Ongoing bank serviceability has been budgeted and stress tested by Knight our accounting advisors.

The order of construction commencement is dependent on a number of factors outside of our control and is likely to be:

- Lighting Towers - February 2023
- Changerooms - September 2023

This is a historic moment for our club and it has been a huge effort from all the committee to secure this. A special mention goes to Dave Stephens who was instrumental in pushing this application through.

Any questions in relation to this Project can be directed in the first instance to the Chairman and President.

Sandro Di Lollo and Allen Notte
